# DOE Accomplishments

---

- Bureau of Environmental Remediation implemented an Environmental Liability Release Program to encourage the purchase and cleanup of certain contaminated properties, while stimulating economic growth.
- Bureaus of Water, Environmental Field Services and Epidemiology & Public Health Informatics worked together to create a sampling protocol and response document for the Kansas Harmful Algal Bloom response program. This program is recognized nationally among State and Federal agencies for its proactive approach.
- Bureau of Waste Management Compliance and Enforcement developed an app that improves accessibility and helps hazardous waste generators in making waste determinations. The app is now featured as an innovative model for other states.
